THE POWWOW

DEPARTMENT EDITED BY THE STUDENTS OF THE WINONA TEACHERS COLLEGE

William Ott Elected Editor; Sandt New Business Manager

Abilities of Both Men Promise Great Things for Powwow Next Year. Paper May Grow Larger.

William Ott was elected Editor-in-Chief of next year's Powwow at last week's meeting. Ethelbert Sandt has been chosen as the next business manager to fill the shoes of Clarence Christopherson. The names of these candidates were placed before the new staff for their approval after all possible executive material had been considered by the members of the retiring staff. Both men have accepted their new positions and are making rapid strides toward the production of a still better Powwow.

Mr. Ott's staff has been especially well chosen as regards ability and industry, and promises well to get all the news all the time. As soon as financial conditions permit, it is Mr. Ott's plan to restore the Powwow as a weekly publication and in that form it will better serve the college as a news medium, and will be a better paper for the solicitation of advertising matter. If suitable arrangements can be made with the printers, a four-page Powwow may be published next year.

Seniors Defeated By Junior Tossers

In a game full of excitement, dust and good playing, the Junior men on last Saturday trimmed the Senior stalwarts to the tune of 16 to 14. The sturdy pitching and hitting of Vondrashek, the big Junior hurler, helped much in giving the Juniors the long end of the score. Snyder demonstrated a combined high dive and slide in fine style. Larsen covered himself with glory and dirt by his flashy playing as Junior short-stop.

Rumor has it that the Seniors are eager for a return game and have again challenged the younger class men. A hotter game than the first is expected. If the Seniors win, a third game will decide the series.

WENONAH OF 1922 IS DELIVERED DAY EARLY

You are now enjoying your 1922 Wenonah, the product of many days of toil by the annual staff. Due to their careful planning and hard work the 1922 Wenonah has been distributed a day ahead of the time set for delivery.

The annual staff reports that the sale of annuals was very large this year, amounting to over five hundred copies, and that the annual is decidedly a financial success.

While you are reading the book of which we are all so proud, do not forget the people who have made it such a great success: Bernice Leary, editor-in-chief, Clarence Christopherson, business manager, and all the others, from cartoonist down to the characterization people, deserve all the credit we can give.

PRES. MAXWELL MEETS EX-WINONANS ON TRIP

President Maxwell spent last week in a trip to the East to interview candidates for faculty positions for next year. He visited New York City, New Britain, Ct., Kalamazoo, Saginaw and Owasso, Michigan, and Chicago. At Teachers' College in New York he met four recent Winona graduates, Dorothy Coe, who receives her degree in June and goes to Winnetka, Ill.; Helen Smock, a junior at the college; Marion Laidlaw, and Elizabeth Butler. He met such former faculty members as Edward L. Lehnerts, F. W. Moore and Miss Mary Ensfield.

In Our School

The Kindergarten Club has unanimously voted to give sixty dollars to the scholarship fund. Each year this club generously supports the fund which is used to help deserving students who lack sufficient financial backing.

The Junior K's, entertained the Senior K's, at a "hare and hound chase" picnic recently. After following the trail of the unruly hare the Seniors found the rabbit domicile of Molly Cottontail and Jack Rabbit. The Senior K's all agreed that the rabbits were very hospitable and original hostesses.

Fourteen girls have already entered for the tennis tournament. Some of the star players who have signed up are Edna O'Connor, Dorothy Rohweder, Marvella Ekstrom, Olive Baker and Alice Payne. A new cup will be offered to this year's champion.

The Junior first hockey team with Francis Neusch as captain, defeated the Seniors by a score of 2-2. The Junior team-work was much better than that of their opponents, but the Seniors are very hopeful of victory in the next games.

There will soon be a final voting in the health contest which has been conducted during the year. Votes for good posture and healthy nerve control have been given the fall and winter terms, respectively. The last vote for the spring term will be for vitality. Any young woman who has received two votes is eligible for the contest. The final choice rests with Dr. Nimocks.

GOSSIP

One of the ladies of the Morey Hall dandelion brigade suffered a terrible dream. She was cutting at a monstrous cluster of the yellow evils and that every time she cut off a blossom, six new ones grew in its place. Another member says it wasn't any dream.

Martha McKeown says she never believes in signs excepting when she's at a strange crossroads.

We know a girl who has an awful time with her Theory of Ed.

The path of Paradise will never be more crooked than the stairs to "niggah heaven" at the Opera House when the students of W. S. T. C. decide to take in a show.

And that reminds us of last Saturday's track meet. The shower showed up much good track material among the spectators when they made that dash for the coal shed. That was one event in which everybody showed proper enthusiasm!

No, the younger generation is entirely too precocious. We know a youngster of twenty who has rheumatism already.

High School Meet Copped by Winona With Eleven Firsts

Winona high school taking eleven firsts out of a possible fourteen, again romped away with the annual Southeastern Minnesota interscholastic track and field meet last Saturday at the athletic field. As in previous years the stronger team of Winona with a total of 79 had little difficulty in amassing more points than the rest of the teams together. The other teams ranked in the following order: Cotter 32 1/2, Caledonia 18 1/2, Mabel 16, Chatfield 8. Although the track was slow, four records were broken, Risser of Winona stepping the mile in 5:10, Beatty of Winona running the half in 2:17.45, Bohri of Cotter hurling the discus 113'6", and the Winona relay team running the half mile in 1:45. Lundeen of Winona also tied the 100 yard dash in 11 seconds. Most of the other marks were low on account of the wet track, but on the whole they were satisfactory.

Burns of Winona was high point getter with 121.4 points. The other athletes standing high for their schools were Lundeen and Beatty of Winona with 114 each, Gerlicher of Winona with 104, and Bohri of Cotter with 10. Winona was sadly lacking in the weights while Mabel, Caledonia and Cotter were stronger in these events. It is rumored that in subsequent interscholastic meets the high schools will be classified, to give the smaller schools an equal chance to compete, as Winona very clearly has the edge on all the neighboring teams.

After the meet the participants were entertained at Shepard hall by the Teachers' College.

Do you know these things about our track team?

That the team has the best record of any of our recent athletic teams?

That O'Hara has still to meet defeat in the 440 yard dash?

That Vondrashek holds the state high school record for the javelin, 154 feet 10 inches. Many state college javelin men can do no better.

That Hassenger is as fast a sprinter as has ever run on our athletic track.

That Gross has had better form in throwing the discus than any other fellow appearing on the programs.

That the whole team is well worth watching for they are good performers? If you don't know them, it is not surprising for the school crowd barely fills one row of seats in the bleachers. Come out to the last track meet to enjoy yourself to holler and to learn.

"RICHIE" DOES VAULTING FOR COLLEGE IN EAST

Richard Maxwell, who is attending Wesleyan College at Middletown, Connecticut, is one of the two members of the field and track team who do the pole vaulting. In last Saturday's contest with Williams College he made a height of eleven feet. While at the Winona State Teachers' College last year, Richard gained many points for the track team by his pole vaulting and hurdling. It is needless to say that his old classmates hope to see him attain still greater heights, both in vaulting and in other fields of activity.

In Other Schools

In a study for his doctor's degree at the University of Minnesota, Mr. F. L. Whitney has found that the training department procedure and results at Winona in helping young teachers ranks in the best quarter of twelve colleges which he studied with care. In his thesis he has also quoted generously from reports which describe our work.

Harris G. Pett, a well known alumnus of the class of 1913 and later a graduate of the University of Wisconsin is now assistant to the president of Antioch College in Ohio. This college is receiving wide publicity through the somewhat revolutionary form of technical education which it is pursuing under the leadership of Pres. Arthur E. Morgan. Pres. Morgan is an expert engineer who has rendered some very exclusive service in this field. Mr. Pett was an exceptional good student at Winona. He worked his way through college, at Winona by managing the supply room, and at Madison by managing one of the fraternity houses. During the war he was employed by the U. S. Shipping Board with headquarters in London, England.

LINES

There are lines and lines and more lines. You find them in every walk of life, taking "walk" literally as well as figuratively. One kind, not unfamiliar with members of the fair sex (and speedily becoming familiar to those of the—what shall we say—unfair sex) is the Clothesline. A Clothesline is a line, very unromantic in character, upon which to hang raiment which has been washed, and which desire to be dried out. Clotheslines have different associations for different people, but the most general and outstanding of these are Billy Goats, Blue Mondays and Morey Hall.

The broad line type of line is a very interesting one. The more familiar phase of bread line is the—well, what would you call it—anyway that line that stands in patience before the ticket window of the Opera House every Sunday night. Interesting? Extremely, for there indeed you behold our much sought after young members of the Mu-Ipsilon-Nu plus our fair T. C. representatives. But there are too many "fair representatives" to "give a hang" about keeping up with lines. You know what I mean. "Well, well, Blanderina, how much do you love me today? You're a pretty cute kid, a little spoiled, but I'm for loving them cute and pretty kind"—Fish-lines!

And then, don't you know that the lines of the modern flappers' hair dress are absolutely incomprehensible? But then, so far the lines of the dear Art teacher's perspective.

And, oh, of course, that "watch them hit that line" one that we sing about. Take it from us!

We've watched that line many a time. But sweet as these lines may be, there are no lines so sweet as those awful lines of books waiting to be studied every night. Do you agree? —H. C. D.

The Junior seconds also defeated the Senior seconds in baseball 12-10. From the first it seemed an easy victory for the Juniors but in the last inning the upper class team made 8 points through hitting.

Purple Warriors Have Two Contests Left on Schedule

"Twins are becoming a fad."

So said an account in one of last Sunday's papers. Once upon a time they were regarded as bad luck and among savage tribes the twins were put to death. But now even staid London worships the famous Dolly sisters. If all this be so, Winona State Teachers' College has a front rank for being up to date, for it has enrolled three pairs of twins. One pair are almost duplicates as are the renowned Dolly sisters. Besides the three pairs mentioned, another girl student has a twin brother at home. The College is right in style when it comes to twins.

Characters Chosen For Fete May 27th

Dr. Nimocks has been chosen as May Queen of the May fete which will be given on the College Campus Saturday, May 27. Nellie Bang will assume the character of Johann, the peasant girl, while Nila Phillips will impersonate the "lad" who searches for Johann. The Junior Kindergarten will form the peasant group, Violet Eckberg, Lois Everts, Florence Herrick, Delphine Anderson, Belle Corcoran and Elsie Hagen give the handkerchief dance. The scarf dance is to be given by Annette Hanna and Elizabeth Shackell.

Annie Saari has been chosen as the solo dancer.

The episodes of the fete were given in the April 14 issue of the Powwow, and will again be printed for distribution at the presentation.

Leading chairmen of the fete are Sophie Thaldorf and Stella Hill, who are working hard to make the annual event a huge success.

Mendelssohn Singers Programm Friday Eve

In the Teachers' College assembly at 8 o'clock Friday night, May 26, the Mendelssohn girls will give their annual program to the school. Miss Smith and Miss Hootman are busy conducting practice so that the final production will be as finished and as interesting as preceding Mendelssohn programs.

The program is to be given in three parts: the first consisting of solos and duets; the second is of selections by group; while the third part is composed of gypsy songs sung about the camp fire.

An up-to-date medley is again a part of the program. This number made a decided hit with last year's audience.

Meet Fast La Crosse Aggregation This Afternoon. Season Closes With Luther.

The Teachers' track team will be seen again in action at the La Crosse H. S. field Friday, May 19, with the La Crosse H. S. track team as the opposition. It will be remembered that last year La Crosse fell before the onslaught of our team but the results of this meet are in doubt because of the unknown ability of the down river school. Only two men will be entered in each event, thus offering much more possibilities for a close meet. However, with the strong array of such men as Hassinger, O'Hara, Vandrashek, Gross, Risser, and Wedge the local team will be well fortified against attack.

The following week on the 27th we entertain the Luther track team in a dual meet which promises to be a real treat for all those interested in track athletics.

Luther probably will have a stronger team than last year and Winona will have to work hard to come out on top. As this is the last meet on the home field the boys express hopes of having a large crowd present to help them again defeat, in track, their ancient football rivals.

TRAINING SCHOOL NOTES.

Thena (in arithmetic): "He threw himself into the river. The wife, horror-stricken, rushed to the bank!"
Prof.: "Why did she run to the bank?"
Thena: "To get the insurance money."

Mr. Scarborough (in conference): "You know, the rest of the class knows ten times as much as you."
Laura: "Well, well, 10 times 0 equals 0."

One Junior believes that "the more civilized man becomes, the less barbarous he appears to be."

You can always tell a Senior, he's so sedately dressed;

You can always tell a Junior, by the way he swells his chest,

You can always tell a Junior, by his timid look and such,
Juniors all can tell the Seniors, but cannot tell them much.

'Tis Spring, All Right.

An original poem from the fifth grade is as follows:

One sunny day,
A robin on a bough did sway;
He was singing to his mate,
"Give me a date! Give me a date!"

The Moon rose cheerfully one night,
And shone upon North Lodge.
The stars shot sparkles in and out—
The scene one could not dodge.
The cherubs played on harps so sweet,

The music was sublime,
The girls could not resist the chance
They dared for any climb.
But by and by the sad news came,
That some could no further roam,
So everyone wept with the girls,
And now all stay at home.

Here's to the teachers,
Long may they live
Even as long,
As the assignments they give.

Hootman: "Can you carry a tune, Petra?"

Dahl: "Yes, certainly."
Hootman: "Well, carry that one out and bury it!"

Ashes to ashes,
Dust to dust,
If you don't get a "D,"
Some one else must."
